Dear Ms. Kennedy,

Please reconsider the Commission's position regarding the V-7 feeder upgrade. This power improvement is vital for both existing customers with very low quality service and all future growth in the area. Many people have invested substantial money in the area and the inability to get needed power will have a major detrimental impact on those investments.

It is inappropriate for a small vocal group of NIMBYs to undermine both the finances and quality of life for a large number of citizens.

Therefore, I insist that the only fair thing to do is for the Commission to revisit and reverse its previous ruling and allow SSVEC to proceed with the upgrade expeditiously.

Sincerely,  
Thomas Daniel
